- Fix-Right Multi-Purpose Silicone Sealant is a high-performance, one-component silicone formulation designed for general-purpose sealing applications.
- It provides strong adhesion to a wide variety of construction materials and maintains long-term flexibility.
- The sealant cures on exposure to atmospheric moisture, forming a tough, elastic silicone rubber ideal for both interior and exterior use.
- Its versatility and durability make it suitable for household, commercial, and light industrial applications.
- FIXRIGHT Multi Purpose Silicone Sealant is available in 260ml cartridge.

- Fix-Right Neutral Silicone Sealant is a high-performance, one-part silicone known for its superior adhesion and versatility.
- It exhibits excellent compatibility with most substrates and provides outstanding performance in interior environments. This sealant is suitable for automotive and industrial applications, gasket sealing, and general surface sealing.
- The neutral-cure system provides a low-odour application experience and is non-corrosive to most metals.
- FIXRIGHT Neutral Silicone Sealant is available in 260ml cartridge

- Fix-right Weatherproof Silicone Sealant is a high-performance, one-part solution known for its superior adhesion and versatility.
- It exhibits excellent compatibility with a wide variety of substrates and delivers outstanding performance in exterior environments.
- Compatibility with a wide variety of substrates, and excellent weather ability.
- The Product is ideally suited for weather purpose glazing, multi applications.
- FIXRIGHT Weatherproof Silicone Sealant is available in 260ml cartridge.
